

“AI-POLICY OR AI-POLICING?”

11th of May, Kultuurikatel, Tallinn, Estonia

Conference 14:00-19:00

Reception 19:00-22:00

ABOUT THE EVENT

Our digital society changing very fast. For today we have reached already to time where countries have to make decisions how to change taxes or change manufacturing that people have workplaces also after already 20-30 years. Development in technology implicates that we have to make big decisions now to prevent real issues on workfield. Our problem is that people have to adapt more quicker than ever before and study maybe even for 3-4 different job in lifetime. And quite soon robots what we have built and artificial intelligent takes over all simpler jobs. Our people and countries, are we ready for that?
